# ARTISAN PAINTS

## WHAT'S UNIQUE ABOUT OUR PAINTS?

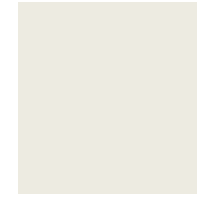

We don't paint our cabinets, we do one better. What looks like paint is actually a clear catalyzed varnish, professionally tinted to match any fan deck color, such as Benjamin Moore® or Sherwin Williams®. This opens the door to unlimited color choices. This extensive range, combined with our catalyzed varnish process, represents the best and most durable color quality you'll find anywhere.

## CUSTOM GLAZING

Custom glazing is an option we offer to our clients looking to add a little something extra to their home. Glazing adds a level of visual contrast and depth to cabinetry, giving it a subtle, antique feel. We offer full glazing and recess glazing.

## PAINT DISTRESSING

Precision Cabinets offers a variety of techniques to our stain and painted finishes to recreate the signs of aging. Whether it's the gentle wear marks of a well-cared for heirloom or the pronounced indicators of generations of heavy use, Precision Cabinets can create the perfect distressed finish for your project.

# FEATURES & BENEFITS

## NOT PAINT, CATALYZED VARNISH

Our paint is not paint, it's a catalyzed varnish that is oven cured, which hardens like concrete to produce a smoother and more durable finish, ensuring that your beautiful new cabinetry withstands the test of time.

## 10 YEAR LIMITED WARRANTY

Warranty covers the following:

- Finish
- Cabinet Boxes
- Doors
- Drawers
- Drawer Faces
- Shelves
- Accessories
- Panel Ends

## AN AMAZING ARRAY

Professionally matched to any fan deck, including Benjamin Moore®, Sherwin Williams®, Kelly Moore®, Valspar®, etc. Bring us your favorite paint chip and we'll match it!

## KCMA ENVIRONMENTAL STEWARDSHIP PROGRAM
